

Bringing You The Water Of Life

EDEN brings Champagne and gin to the Maldives in a highly bespoke and intimate setting. From the gilded age of drinking to the modern day these two beverages have stood the test of time and their popularity continues to grow. EDEN takes a ritualistic approach to a guest experience that is the first of its kind in the Maldives. The service model takes a three-phase journey of *Curation, Personalization and Discovery*.

Gin

“Most cocktails today
are made with gin
and ingenuity.”
