Positioned at either end of the island, these two-bedroom hideaways are the biggest and most luxurious of all beachfront villas at our resort in the Maldives.

Perfect for families or couples searching for more room to relax, these luxury villas feature private pools, direct access to our crystal-clear lagoon, and panoramic ocean views. Their location on the furthestmost east and west sides of the island means they offer peace and privacy. And for those times when you need anything, you can call on your own private butler.

Two-bedroom Family Beach Villa

114 square metres. Sleeps 4 adults, 2 children.

Steps away from the ocean and spacious enough to sleep six. These villas have everything you could need for a family vacation in the Baa Atoll.

Shaded by dense, tropical greenery, but with Royal Island's main restaurants, and bars, and facilities just a short walk away, these spacious, two-bedroom beach villas offer the best of both worlds. Step from your private outdoor terrace onto the deep, sugar-sand beach, and spend your evenings walking along the shoreline watching the sun dip below the horizon.
