ROOTED IN SUSTAINABILITY
OUR MARINE LAB

For the past 30 years, Banyan Tree has focused on offering clean natural based toiletries in all our guest rooms.

In 2004, Banyan Tree Maldives, Our Marine Lab officially opened its doors, serving the twin-island: Banyan Tree Vabbinfaru and Dhawa Ihuru. It became the very first resort-based facility in the Maldives, designed for fieldwork conducted by visiting scientists, as well as to promote marine conservation and sustainable livelihoods in local communities.
