An Exciting Hotel Transformation Is Coming

As part of our ongoing commitment to enhancing the guest experience, Three Corners Ocean View****Prestige will be **temporarily closed from 1 May 2027 until 30 April 2028** for a complete renovation. Following the successful refurbishment of the major part of our guest rooms, we are now completing the hotel's transformation—creating a destination where every detail reflects the true meaning of Prestige.

A striking new lobby and reception will set the scene, while the renewed Oceana Restaurant, brand-new à la carte concepts and bars will redefine the dining experience. The private beach, pool area and the hotel's hidden gardens will be transformed into elegant, intimate spaces, designed exclusively for adults seeking tranquillity, privacy and effortless luxury.

Inspired by one of El Gouna's most prestigious lagoon-front locations, every new space has been carefully designed to embrace the hotel's spectacular waterfront views—bringing guests closer than ever to its unique surroundings.
