

27th October 2025

Dear Valued Guests,

We would like to inform you that our hotel **apartment building** (situated away from the main hotel building) is **currently undergoing Phase 2 of its partial renovation tentatively from now until 11th December 2025** as part of our continued commitment to enhancing your stay experience. These upgrades are designed to provide even greater comfort, style, and functionality for your future visits.

Please note that the renovation is limited strictly to the apartment building, which is entirely separate from the main hotel building. All hotel rooms, public areas, and guest facilities—including restaurants, meeting spaces, and the wellness centre—remain fully operational and unaffected.

We appreciate your continued partnership and support. Should you require any further information or clarification, please do not hesitate to reach out to us directly.

Best Regards,

Damir Kartal

Cluster General Manager
